## RECOGNITION OF DAIRY MAINTENANCE COMPOUND

The product **Path-Away 2.5%** has been considered in conjunction with the independent assessment reports provided and determined to satisfy the requirements of clause 30(3) of the Animal Products (Dairy) Regulations 2005 when used in accordance with the label.

This recognition of the compound is subject to the following conditions:

1. To be used in accordance with label instructions.
2. Surfaces must be rinsed with suitable water before further processing.
3. All edible product and packaging must be removed before use.
4. The food area must be out of service and ventilated during application.
5. Must not be used to sanitise milking plant and associated equipment in farm dairies.

Where this **recognition** is stated on the product label, the statement "MPI recognised for use in dairy processing" is to be used unless an alternative is agreed in writing by MPI.

Should this product be determined to be unsatisfactory when used as per the label or as per any recommendation provided by the manufacturer or an agent of the manufacturer, MPI may amend or withdraw this recognition.

### Review

This recognition is valid for a maximum period of 5 years but is subject to periodic review and may be withdrawn at any time should the Director-General determine that there is sufficient evidence that the products are not fit for the purpose for which this recognition applies. You will be issued a letter prior to the review date, which is set at **December 2020** but you are responsible for ensuring that this review is completed if you wish to retain MPI recognition of the above dairy maintenance compound.

Yours faithfully
